Information for Residents of McDonald Lake Subdivision, Hatchet Lake NS

February 28, 2006

Paving Update

provided by Dave Poirrier, via Camille Vokey

The status of paving in our subdivision is a critical issue for our residents. Recent mild mid-winter weather gave us all a reminder of spring, with potholes and gullies in our unpaved roads that proved treacherous to drive on and certainly esthetically frustrating! Our MLA, Bill Estabrooks, indicated to one resident that he had been in the area and taken some photos himself of the situation on our roads during the recent thaw, promising to add his voice to the many residents in our area requesting paving on our roads.

The status of Forest Glade Drive is that they have over 50 percent in favor of paving. However, when measured, the area of positive respondents is only 41 percent frontage. This appears to be due to the frontage of the empty lots, as only four responses were negative. As of the January 9 MLRA meeting, two more homes were left to be surveyed; even those votes were positive, the frontage would have to be reconfigured.

For Fiddle Parkway, the vote stands at 18 out of a possible 29, with only 3 'no' votes. Although this is encouraging, residents are reminded that frontage must still be measured.

ANNUAL GENERAL MEETING

The annual meeting is to be held the 2nd Monday in April, which is April 10th, 7 pm in the cafeteria at BJHS.

One item on the agenda is a review of the bylaws of the association. Nominations/elections of officers take place at the Annual Meeting. All Association members are welcome and encouraged to attend!

The McDonald Lake Residents Association is currently seeking nominations for the following 2006/2007 MLRA Board: Chair, Vice Chair, Secretary, Treasurer, Communications Officer, 3 to 5 Directors at Large. The term of the positions is for one year starting Monday, April 10, 2006.

To view the responsibilities of the positions visit the MLRA website at www.summitconferencetools.com/mlra under documents titled as Association Positions. The board normally meets once per month and assists in several community events. Bring your knowledge and experience to the table!

McDonald Lake Subdivision Sign Update

As you may know, the MLRA board is proceeding with your request to replace the entrance sign to the subdivision. The fundraising activities that are currently being organized to raise funds for the sign include a cookbook, which will be available for purchase in March, and a Fall Auction. During some research with different signage companies, the MLRA board consensus on the best option is a granite rock sign with McDonald Lake Park and a design engraved in it. The board felt this type of sign required less upkeep, low maintenance, and less chance of vandalism. The board would like to do some further research and welcome any of your suggestions, resources, contacts, and questions.

Leslie Wilson, MLRA Member at Large is your contact person. She can be reached at lesliewilson@eastlink.ca or 852-4132. The board will have more information on this matter at our upcoming Annual General meeting on Monday, April 10th at 7pm - Brookside Jr. High School.

And come they did! Despite the Christmas Carolling event being rescheduled from Sunday, Dec. 11 to Thursday, Dec. 15th, due to the weather, the participation was outstanding! There were approximately 40 people of all ages who attended the event. The weather was perfect with snow and that made the evening even more like Christmas time. The group visited homes on Sunset Court, McDonald Lake Drive, and Fiddle Parkway. Around 7:30pm everyone gathered at Sonya Locke's house to have hot chocolate and cookies. It was a great time for all and hope you can join us for the Christmas Carolling in 2006. - *Camille Vokey*
